eInstruction: Student Registration in myCourses

Student Registration

1. To register your clicker in myCourses, navigate to the course at mycourses.msstate.edu. Enter the course.
2. From there locate and click on the **registration icon** on the Home Page.

3. There are two registration options available - for existing users or new users.

- You will now register your clicker information. Input the **Serial Number**, click the **Agreement CheckBox**, and complete the **I Have Used a CPS Response Pad Before:** box with the **Username** and **Password** provided to you. When done, click the **Continue** button.

Note: Registering through myCourses eliminates the need for a class code.

Appears when the clicker is first turned on- contains both letters and numbers.

Access codes are sometimes purchased with a clicker.

- Student will need to complete the necessary information. After clicking the Done button, they will be asked how to pay for the registration. If a student bought a lifetime registration and already activated it by enrolling their clicker previously, it will allow them to enroll since the code is associated to their clicker serial number and their user name.
