Mathematica 5.2 Installation Instructions

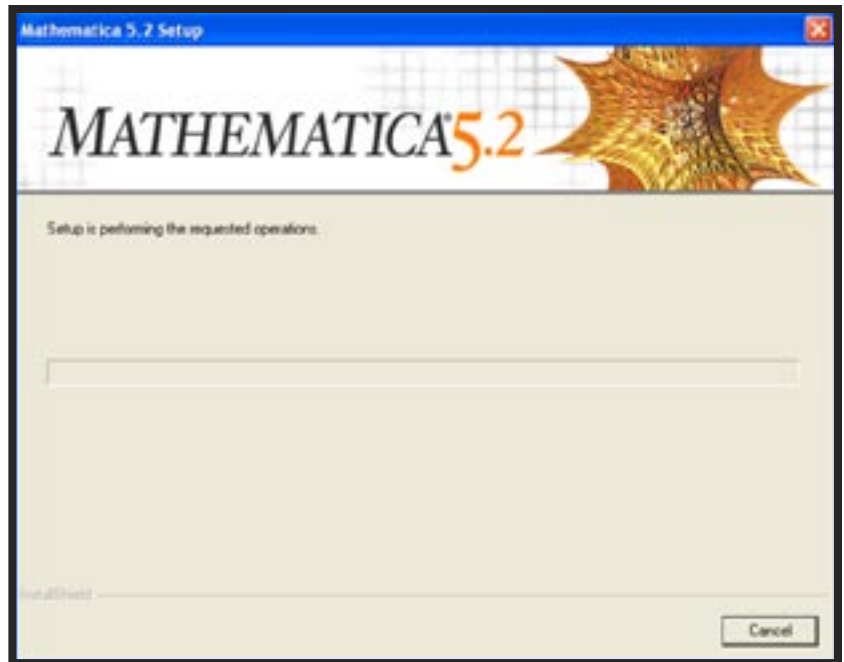

1. To install Mathematica 5.2, insert the Mathematica 5.2 CD into your CD drive. You should see the Mathematica 5.2 window on your screen. Click on **Install Mathematica to a hard disk**.

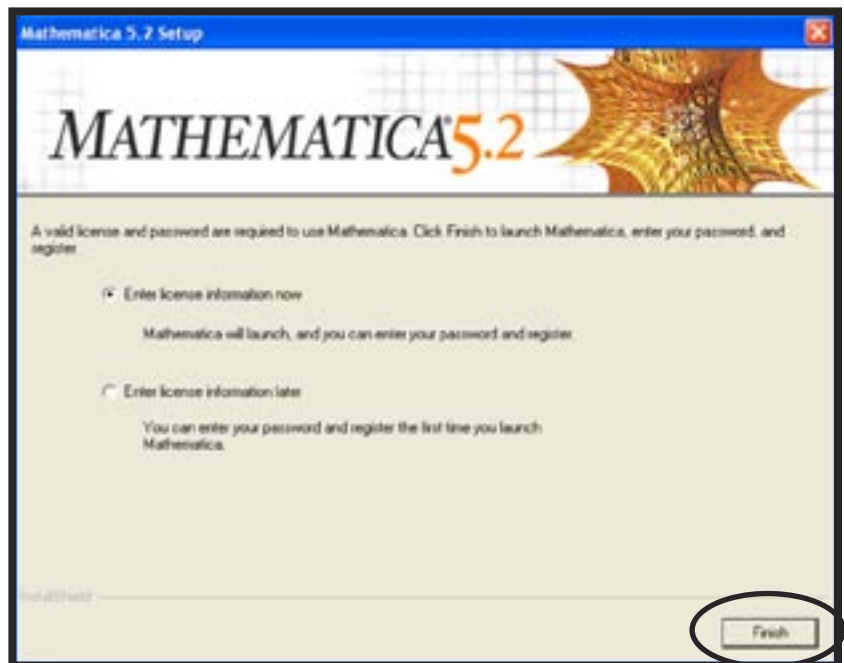

2. In the next window that appears, select the **Full installation** box and click **Install**.

3. In the next window, you will see Mathematica installing on your computer.

4. In next window, choose the **Enter license information now** radio button and click **Finish**.

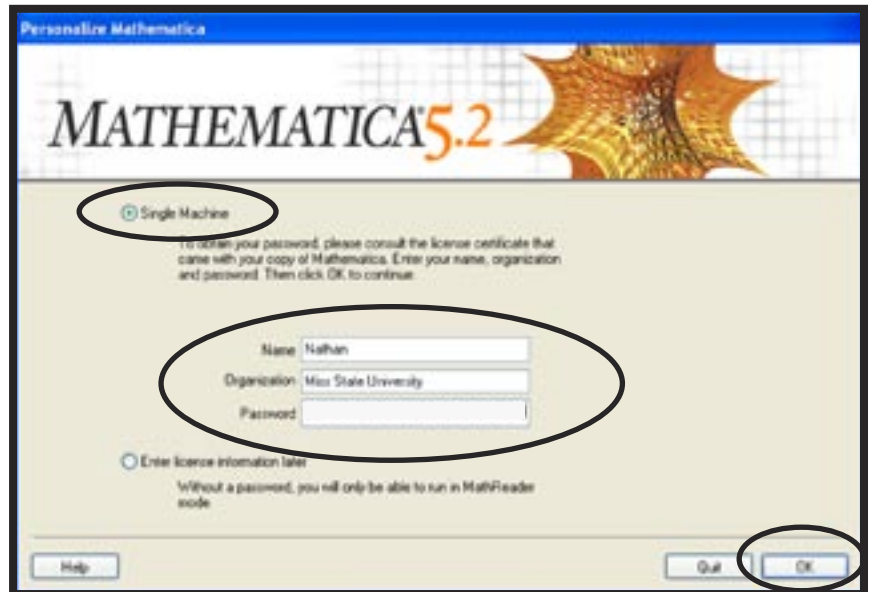

- In the next window, select **Single Machine**. Next, enter the license information:

Name: Should be your name

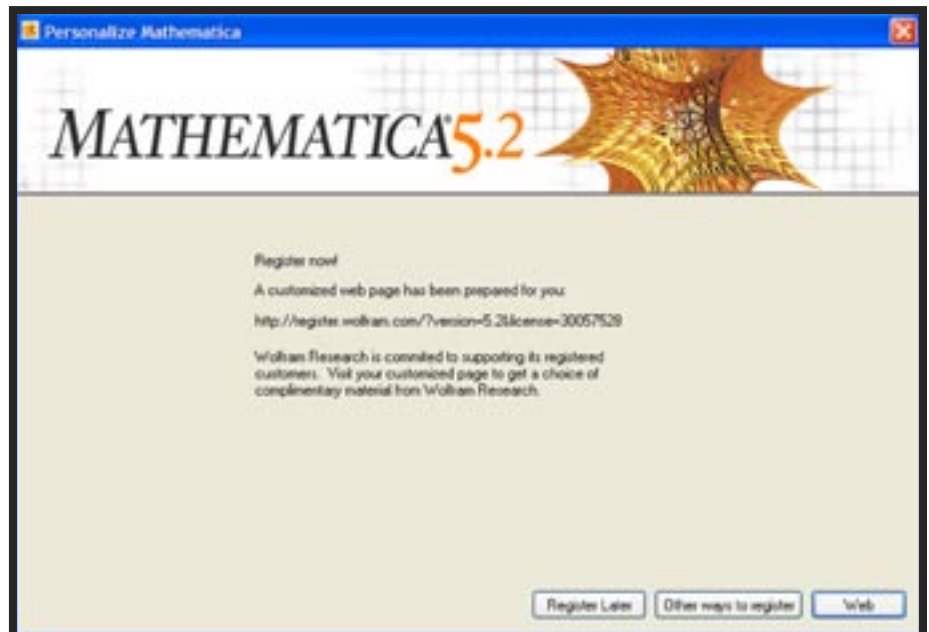

Organization: Miss State University

Password: Located inside the CD cover

Click **OK**.

- Now you can choose to register Mathematica 5.2 or to Register Later. Mathematica 5.2 has been successfully installed.
