

## Firefox 4+ (Windows) Clearing Cache and Cookies

This document explains how to clear the cache and cookies from Mozilla Firefox 4.0 to the newest version.

1. Click the hamburger icon (three stacked horizontal lines) and select **History**. Then click **Clear Recent History...**

2. Click the dropdown menu next to **Time range to clear:** and select **Everything**. Under the **Details** heading, check **Cookies** and **Cache**. Click **Clear Now**.
