## Creating a Turning Point Account

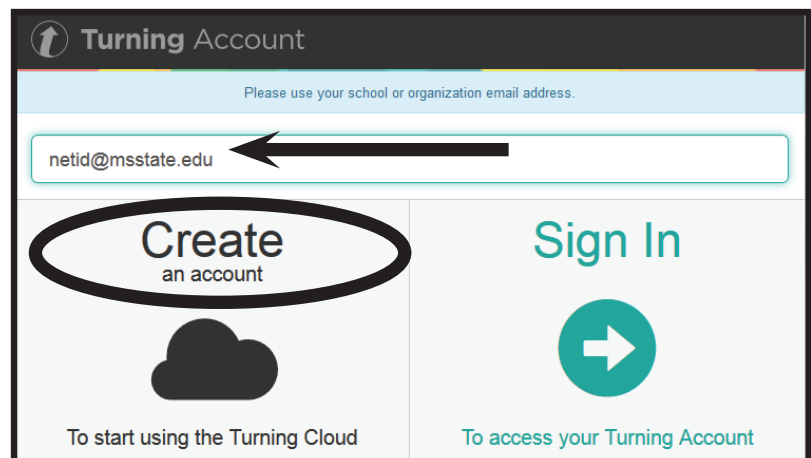

August 2016

TurningPoint, MSU's centrally-supported audience response (aka clicker) system, has been upgraded from version 5 to TurningPoint Cloud. TurningPoint Cloud gives instructors the option of allowing students to use a clicker or a smartphone as their response device. Clickers that students may have previously purchased are compatible with the new system. However, faculty and students will have to create a Turning Account in order to use TurningPoint Cloud. Students will also need to purchase a license code for their Turning Account in order for their clicker or smart phone to properly function. TurningPoint license code can be purchased at the Barnes and Nobles or the online Student Store. This factsheet will walk through the steps of creating a Turning Point Account.

1. Login to myCourses at [mycourses.msstate.edu](http://mycourses.msstate.edu). Enter your course and locate the **Tools Page**. From the tools page, select **Turning Account Registration**.

2. Enter your **NetID@msstate.edu** email address and click the **Create an Account** option.

3. A verification email will be sent. Check your email account. Click the verification address.

Welcome to TurningCloud. To finish setting up your account, we just need to verify your email address. token=3540669d-26a0-421e-8964-ea04d9941a8a Click to follow link

rs. Completing registration for your account is easy. To verify your account, simply click the link below to verify your e-mail address.

Contains at least one uppercase letter  
Contains at least one number

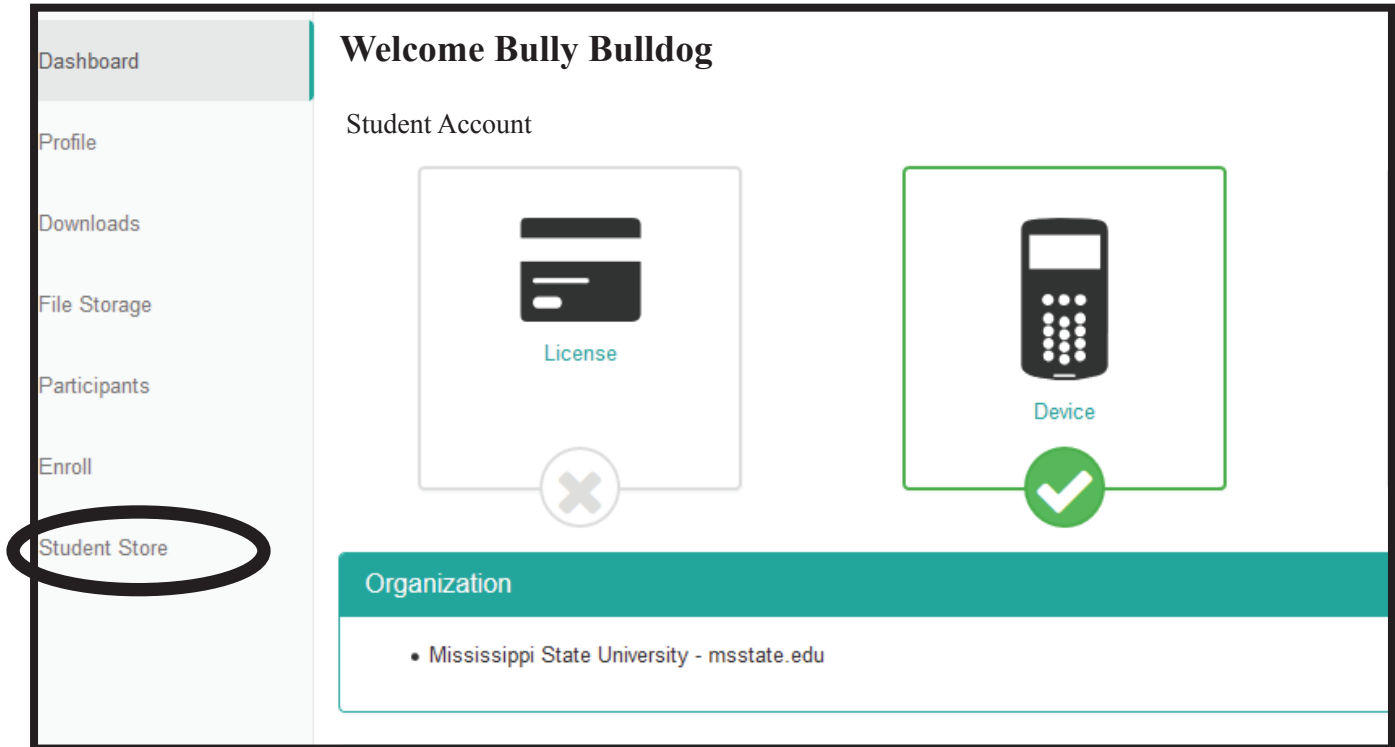

Matches the confirm password

By checking this, you agree to comply with the [End-User License Agreement](#) and [Terms of Use](#)

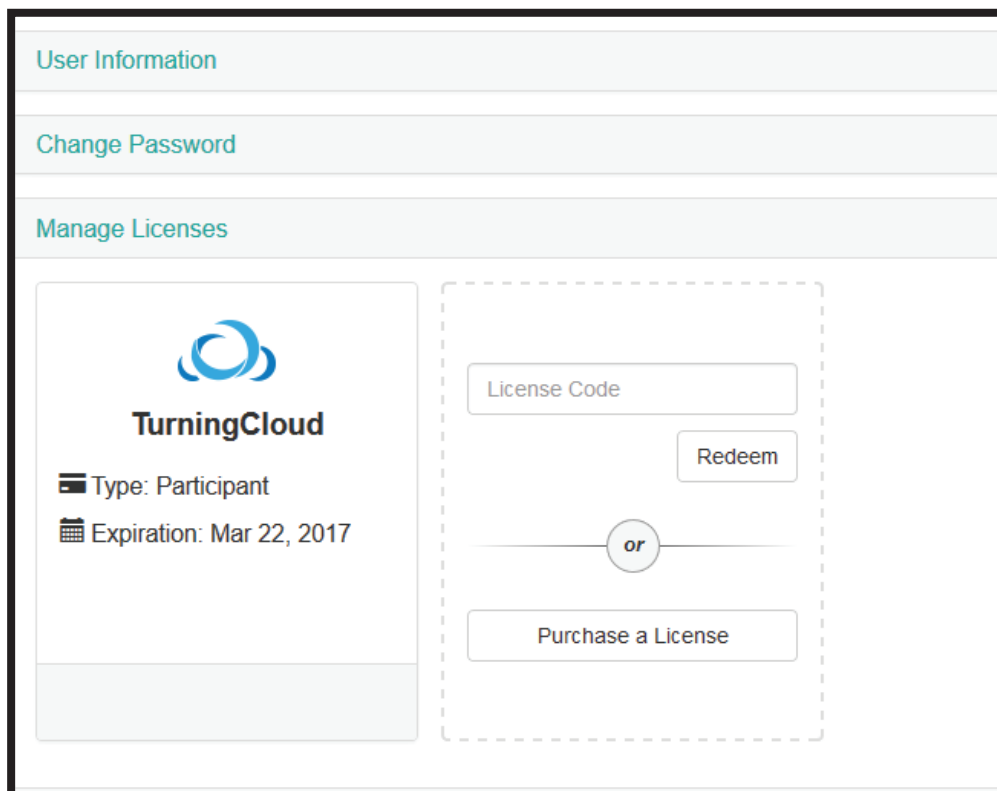

Finish

- Next you must enter a license code and/or a device (clicker). Please note, in order for your clicker to work, you must have a license code entered on your account. Licenses codes can be purchased at Barnes and Noble or from the online Student Store. Click either license or device to register.

- To register a license, enter the license Code and click **Redeem**.

6. To register a device, enter the Device ID from the back of your clicker and click **Register**.

A screenshot of a web interface titled "Manage Response Devices". The interface is enclosed in a dashed border. At the top, there is a header with the title "Manage Response Devices". Below the header, there is a text input field labeled "Response Device ID". To the right of this field is a button labeled "Register". Below the "Register" button is a horizontal line with a circle in the center containing the word "or". Below this line is another button labeled "Purchase a Response Device".

7. Your clicker and Turning Point Account are now configured to be used in your courses.
